Re: Notice of Ex Parte Presentation in WT Docket No. 05-265

Dear Ms. Dortch:

David Don of Comcast Corporation and I spoke on the telephone today with Angela Giancarlo, legal advisor to Commissioner McDowell, to discuss issues raised by the above- referenced proceeding.

Mr. Don indicated that data as well as voice transmissions should be subject to automatic roaming requirements. In addition, limiting automatic roaming requirements to transmissions that traverse the public switched telephone network is inappropriate because increasingly whether traffic “touches” the PSTN is coincidental.

Please contact me if there are any questions regarding this filing.

Respectfully submitted,
